**March 28, 2026**

EarthShare NJ ROCKS is celebrating our 9th year of rocking for our environment. We invite you to be part of this high-energy concert that combines music with our environment.

The evening features four live bands that donate their time and talent to raise money for critical environmental causes. As a sponsor, you receive prominent recognition in print and social media through our outlets and those of our 25 nonprofit partners, as well as dedicated space in the Concert Program. Your support helps continue a legacy of “green” efforts that improve the quality of life for all across the state.

By partnering with EarthShare New Jersey, you are investing in a 32-year legacy of making New Jersey a cleaner and healthier place to live, work, and play. The impact of your support is evidenced by the tangible work we have accomplished across the state over the past year.

- Coordinated volunteer experiences for over 800 participants
- Provided field trip transportation for over 200 students through Wheels for STEM
- Established the Environmental Equity Project to ensure all communities have a voice in conservation
- Hosted the free Earth Care Day program for over 1,000 guests
- Led educational programs that reached hundreds of residents across the state

The extraordinary breadth of its reach sets this concert apart from other programs. Proceeds from the ROCKS concert are shared by 25 vetted environmental nonprofit partners from across New Jersey. Your sponsorship provides vital funding for a diverse range of causes including land conservation, water quality, clean energy, wildlife habitat preservation, and critical education about climate change and sustainability for future generations. From supporting nature centers and hiking trails to beach clean-ups and education programs, support of this concert expands the work done by environmental organizations dedicated to a healthier tomorrow for you.

The sponsorship opportunities are here for your review. Please contact me directly with any questions or suggestions about this or the work of EarthShare New Jersey.

Thank you for considering this opportunity and for your dedication to our environment.
