Celebrates

New Jersey

Friday, June 12, 2026

Patterson Family Barn, Freehold NJ

6 - 10 pm

Dear Friend of Our Environment,

I am excited to invite you to be part of the 19th annual **EarthShare Celebrates New Jersey** reception, a true celebration honoring businesses and individuals that have made a difference in our environment improving the health of all residents. The evening features a buffet dinner, select spirits, various auctions, and guests from across the state who share a passion for our natural spaces.

I ask you to make a donation to our Experience NJ Auctions. This features a wide variety of items and experiences that epitomize all that this great state offers. Your contribution enhances the evening auction opportunities for attendees, and aligns you with our work for a cleaner, greener and healthier New Jersey for all. Donors are highlighted at the auction, in the Celebration program, and on our website/social media outlets.

EarthShare New Jersey has been making the state a cleaner, greener and healthier place to live, work and play for over 31 years. Founded by environmental nonprofits in 1994, we support 24 nonprofit partners with funding, volunteer and education opportunities. Our work completed in 2025 included:

- Coordination of volunteer experiences for over 800 individuals
- Leading online education programs (Lunch Time Bites) for over 300
- Hosting free Earth Care Day program for over 1000 guests with 24 exhibitors and 4 guided environmental walks
- Established the Environmental Equity Project site and Environmental Equity Today quarterly webinar
- Launched Wheels for STEM and provided transportation for students to 12 environmental field trips.

Your donation and support makes a difference across the state and increase the success of our Celebration. If you have any questions or would like to discuss other opportunities, please reach out to me at 908-872-3400 or email PAldarelli@EarthShareNJ.org.

Thank you for your commitment to our environment and considering this opportunity to support the work of EarthShare New Jersey for our environment.

Paula Aldarelli
